

AVD Foundation

Say Goodbye to Tech Headaches

Our AVD Foundation harnesses cutting-edge best practices and Infrastructure as Code (IaC) to deliver swift deployment perfectly tailored to your unique requirements. Armed with over 1,000 pre-configured software packages via RealmJoin and seamlessly integrated with Entra ID and Intune, we present a platform that's not just powerful, but supremely adaptable.

Benefits of AVD Foundation

Fast-Track

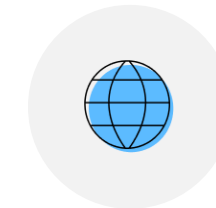

Leverage Infrastructure as Code for rapid, secure, and scalable AVD deployments, ensuring fast value and industry standard compliance.

Zero-Touch Maintenance

Enhanced Security

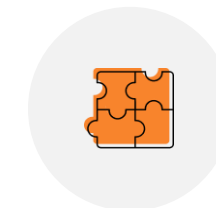

Enhance your virtual desktop security with Entra ID and Intune integration, conditional access, and MFA requirements.

Global Reach, Local Speed

Scalability and Flexibility

Utilize cloud capabilities for flexible, scalable virtual desktop infrastructures that meet workload demands and support non-native client applications.

Integrate seamlessly with Microsoft 365

Streamlined Software Lifecycle

Access over 1,000 pre-configured software packages with RealmJoin, or customize solutions for easy application management and deployment.

Smart Scaling Technology

Hassle-Free Management

Opt for a managed service to consume AVD environments worry-free, with continuous updates and maintenance handled by experts,
